## PROFILE

A highly motivated and energetic Web Developer, I bring a passion for crafting engaging and user-friendly digital experiences. Successfully completing my first ReactJS internship provided a strong foundation, complemented by a strong academic record including an 8.00 CGPA in my second year of B.Tech Computer Engineering. I'm currently managing four web development projects. My drive stems from a desire to build innovative solutions, and my skills include HTML, CSS, JavaScript, and ReactJS.
